THE NEW
COROLLA CROSS GR-SPORT
FILLED WITH ***THRILLS***

FILLED WITH *THRILLS*

The new Corolla Cross GR-Sport has been inspired by Gazoo Racing to bring the excitement of the motorsports every day driving.

Get excited every time you get into the driver's seat with an aggressive, newly-designed geometric grille, 18" alloy wheels, exclusive GR badging and your choice of three striking bi-tone colour options.

The Corolla Cross GR-Sport has the quality, durability and reliability to fit in to the life that you want to live whether you're filling your days with city drives or hitting the highway and heading on a road trip. The Corolla Cross GR-Sport is Filled with Thrills.

INSPIRED BY

TOYOTA GAZOO Racing

MODEL SHOWN: COROLLA CROSS 1.8 GR-S

FILLED WITH *EXHILARATION*

Before you've even pressed the start button, you can feel the exhilaration of an SUV inspired by the Toyota Gazoo Racing team. The Corolla Cross GR-Sport is the perfect mix of performance and reliability to put you in charge.

Take your pick between a 1.8ℓ, four-cylinder petrol engine, which produces 103 kW at 6400 r/min that produces torque of 172 Nm at 4000 r/min and a self-charging hybrid model which develops 72 kW at 5200 r/min, with an additional 90 kW available from its electric motor throughout the rev range. The hybrid model offers 142 Nm of torque at 3600 r/min.

Both engines power the front wheels through a smooth select-and-forget CVT transmission so that all you need to do is enjoy the ride.

MODEL SHOWN: COROLLA CROSS 1.8 GR-S

STYLING

FILLED WITH *FLAIR*

You don't need to be on the track to turn heads in the Corolla Cross GR-Sport. Both inside and out, the new Corolla Cross GR-Sport has been designed and styled with attention to detail to make your heart skip a beat anytime you look at this SUV.

On the exterior the Gazoo Racing inspiration stands out with a host of GR badges, a newly-designed geometric grille, roof rails and new, sporty 18" alloy wheels with your choice of Glacier White, Arizona Red or Chromium Silver Bi-tone exterior colour options. When the lights go out and your lights go on, you'll also notice that the GR-Sport is equipped with a new headlight design with an inner lens to create uniformity and precision and a sequential turn signal.

Inside the cabin, the racy styling extends to red stitching on the instrument panel, console lid and seats, while GR badging is also strategically placed around the cabin. The Corolla Cross GR-Sport is also adorned with red safety belts adding to the feel of being behind the wheel of a Gazoo Racing car.

The inspiration is clear. The destination is whatever you want to go.

CONVENIENCE

FILLED WITH *COMFORT*

Ask any racing driver and they'll be sure to tell you that the Corolla Cross GR-Sport is a lot more comfortable than the Gazoo Racing vehicles that it was inspired by. This SUV is filled with comfort and convenience features to make your life easier. The benefits start before you even get into the car with a Smart Entry system that allows you to unlock the doors without touching a button.

Once inside, you'll see the Corolla Cross GR-Sport's newly designed, 10.1-inch infotainment system is compatible with Apple CarPlay and Android Auto and is equipped with three USB type C ports to keep you connected.

To make sure you've got a full view of everything that's going on around you, the vehicle has a panoramic view monitor, while an electric parking break provides you with enhanced usability and excellent convenience. The Corolla Cross GR-Sport is also equipped with Adaptive Cruise Control which automatically adjusts vehicle speed to maintain a preset following distance.

At the back of the vehicle, you'll find a power rear door with a below bumper kick sensor for handsfree opening.

Reclining rear seats make sure that any members of the crew in the backseat are extra comfortable and once you step outside the car you can use the power back door with kick sensor, just in case you've got your hands full already.

Look fierce but drive easy in the Corolla Cross GR-Sport.

KEEP YOUR TOYOTA GENUINE

Toyota vehicles are known for their Quality, Durability and Reliability. Keeping your Toyota Genuine means no compromises in terms of safety, performance and resale value. The range of Genuine Products and Approved Services will ensure complete peace of mind throughout the ownership journey and beyond. For more information on how to Keep Your Toyota Genuine visit www.toyota.co.za/owners/genuine-parts

TOYOTA GENUINE PRODUCTS

For guaranteed fit and function, **Genuine Parts** are essential in maintaining the safety and reliability of your vehicle. They also comply with all safety, regulatory and environmental requirements, making it the obvious choice. The same exacting precision applies to Toyota Accessories, developed by engineers with extensive knowledge on vehicle integration – you can enhance the appeal and functionality of your Corolla Cross GR-S without compromising its safety features or warranty. Warranties are about peace of mind, and the Genuine Unlimited Warranty is designed to provide superior cover (up to 10 years, unlimited mileage) and a seamless claims process thanks to full integration with Toyota systems. The Genuine Extended Service Plan also enjoys exclusive approval by Toyota SA and provides flexible extension options up to 10 years or 300 000 km to suit your period of ownership. Paying today's rates for tomorrow's maintenance is a sensible way to protect the resale value of your Corolla Cross GR-S by means of a full service history.

TOYOTA APPROVED SERVICES

Specialised vehicle maintenance requires first-class facilities, advanced equipment and expert knowledge. **Toyota Quality Service and Value Service** not only promise accurate diagnosis and repair, but also a philosophy of building trust through a genuine concern for the needs of our customers. To complement the extensive network of Toyota dealers, we have a vast number of Accredited Body and Paint Repairers, selected on stringent criteria to ensure outstanding workmanship and customer service. You can maintain your vehicle's pristine condition without compromising its warranty thanks to the exclusive use of Genuine Parts by our Accredited Repairers. Offering 24-hour access to a full complement of assistance and recovery benefits, Toyota Roadside Assistance provides the peace of mind that competent support is only a phone call away.

TOYOTA GENUINE MEANS

✓ UNCOMPROMISED SAFETY ✓ GUARANTEED QUALITY ✓ PEACE OF MIND

TOYOTA ENVIRONMENTAL CHALLENGE 2050

At Toyota, creating technologically advanced vehicles isn't our only priority; we're committed to lowering our environmental impact throughout our entire production process. How? By setting ourselves six challenges that will see us reach a truly world-changing goal: a positive environmental impact by 2050.

ZERO CO_2

CHALLENGE 1

NEW VEHICLE ZERO CO2 EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle CO_2 emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

ZERO CO_2

CHALLENGE 3

PLANT ZERO CO2 EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero CO_2 emissions at our plants which are:

1. Developing and introducing low-CO_2 technologies with ongoing kaizen.
2. Adopting renewable energy sources and utilizing hydrogen energy.

CHALLENGE 5

CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continue working on the challenge of establishing a recycling-based society.

TOYOTA IS SERIOUS ABOUT COMBATING THE PROBLEMS ASSOCIATED WITH WASTE TYRES IN THE COUNTRY AND HAS THEREFORE TAKEN UP ITS PRODUCER RESPONSIBILITY AS DEFINED BY THE WASTE MANAGEMENT ACT OF 2008. WASTE TYRE REGISTRATION NUMBER: TPREG0031GAU

The message is clear – Toyota Motor Corporation (TMC) wholeheartedly supports the Paris Agreement and accepts the challenge to achieve carbon neutrality by 2050. The Paris Agreement is a legally-binding international treaty on climate change and is aimed at reducing the emission of gases that contribute to global warming. While this treaty was only adopted in 2015, Toyota has been innovating and investing in technology to reduce emissions and achieve carbon neutrality for well over 30 years. Toyota has also led the way with more electrified vehicles on the road than any other automaker.

TOWARDS CARBON NEUTRAL

THE TOYOTA COROLLA CROSS GR-S RANGE HAS BEEN MANUFACTURED TO MINIMISE ITS CARBON FOOTPRINT.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Corolla Cross GR-S range has been designed to have very low CO_2 emissions.

ZERO CO_2

CHALLENGE 2

LIFE CYCLE ZERO CO_2 EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only CO_2 emissions produced in travelling and manufacturing, but all CO_2 emissions including the process of materials production, disposal and recycling of vehicles.

CHALLENGE 4

CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environments is important. We have two measures to achieve this, comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

CHALLENGE 6

CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.
